PROFESSIONAL EXPERIENCE

AI Data Specialist   05/2024 - Present
Self Employed
- Utilized Reinforcement Learning from Human Feedback (RLHF) to train machine learning models while adhering to legal and ethical obligations.
- Analyzed and tested code responses in a variety of programming languages to assess and train for correctness, truthfulness and other crucial metrics.

Web Developer   08/2023 - Present
Freelance
- Worked directly with clients to develop clean and intuitive websites for their small businesses, including a gallery showcase for a local artist and an inventory management application for a CCTV wholesaler.
- Integrated authentication, database management and storage capabilities with custom CMS features tailored to the needs of each client.

Manager   08/2010 - 11/2022
Westside Loan Office   *Los Angeles, CA*
- Managed a 10-15 person team with a multi mullion dollar loan base.
- Led e-commerce platform operations, resulting in a significant increase in online sales and expanding the business's reach to a wider customer base.
- Successfully navigated and resolved technical and business-related issues on the fly, ensuring smooth operations and maximizing customer satisfaction.
- Ensured regulatory compliance, shielding the business from liability.

VOLUNTEER EXPERIENCE

Back End Developer Lead   10/2023 - 12/2023
Tech Fleet - Ruminate Feedback Platform (Phase 4)
- Led the creation of the "Feedback" prototype's back end, establishing a strong foundation for future iterations with database schema design & security rules.
- Successfully achieved project milestones and delivered results to clients using Agile methodologies while orchestrating seamless collaboration between development, design, and strategy teams to streamline project execution.

PROJECTS

Parentingo   02/2024 - 04/2024
- Developed an efficient and well tested RESTful API to facilitate users creating and moderating their own discussion groups utilizing a decoupled front-end to effectively communicate with the back-end API.

EDUCATION

California State Polytechnic University, Humboldt
Bachelor of Arts, Anthropology
- Graduated magna cum laude.
